Moving away from home can be hard and scary. I know that for me Vishveshwarya Campus Hostel has been a home away from home. The hostel staff, the food, and every other thing is simply homely and welcoming. Programs like Peer to Peer and Do it Daily have guided me to be placed at toppers at the package of Rs. 10 LPA.

I can't express enough gratitude to my college's placement cell. The cell worked tirelessly to ensure that each one of us was well-prepared for the recruitment process. They organised various training sessions and mock interviews that helped us polish our technical and soft skills. They also provided us with ample opportunities to attend job fairs and recruitment drives that gave us a chance to showcase our skills to potential employers. I was able to secure a job at a top company.

I chose to study Polytechnic and I have found it to be a fascinating field. One thing I appreciate most about Vishveshwarya Campus is the hands-on approach to learning. We have access to state-of-the-art labs and equipment, which allows us to apply what we learn in the classroom to realworld situations. I would say Vishveshwarya College provides us with the necessary training and resources to prepare for the recruitment process.
