# VISION —

To evolve as an Institution creating competent professionals with strong ethical values who can exhibit multidisciplinary skills in globally competitive environment.

# MISSION —

To achieve the vision, the department will ensure

- To create an environment for multidisciplinary education where students can execute tasks involving the expertise of multiple domains.
- To impart cross-cultural and ethical training through the execution of projects created to solve socio-cultural issues.
- To provide training that suits the globally competitive environment.
- To increase out reach for financially deprived & geographically isolated talents.

## MANAGEMENT BOARD

### CHAIRMAN'S DESK

I am proud to announce that the Vishveshwarya Group of Institutions has been nurturing itself. Over the years, our institution has continually evolved, adding new dimensions to its illustrious legacy while remaining deeply committed to serving its community. Our unwavering dedication to excellence has been reflected in the consistently outstanding academic achievements of our students. Behind the success of our students lies the dedication and expertise of our highly trained faculty.

Their passion for teaching and mentorship has been instrumental in shaping the minds of tomorrow's leaders. Furthermore, our commitment to holistic education extends beyond the classroom. We believe in providing students with a well-rounded learning

Experience that encompasses not only academic rigor but also personal growth and character development. As we reflect on our journey so far, we are filled with gratitude for the unwavering support of our students, parents, faculty, and staff. It is through their collective efforts and dedication that we have been able to achieve our shared vision of excellence in education.

**Dr. Poornima Sharma**  
COO

## COO DESK

---

Dr. Poornima Sharma, the Chief Operating Officer at Vishveshwarya Group of Institutions, is a distinguished leader in the realm of higher education. With a Ph.D. in Education and an M.Phil. degree, she embodies a profound commitment to academic excellence and visionary leadership. Her tenure at VGI has been marked by a relentless pursuit of excellence across various facets of academia, including program development, marketing, and promotion. Her strategic acumen and adept resource allocation have played a pivotal role in elevating the institution's standing in the educational landscape. Beyond her exemplary leadership in operational matters, she is deeply engaged in professional development, constantly staying attuned to emerging trends and best practices in higher education.

She is a prominent figure in national and regional conferences, where her insights on strategic planning, change management, and student success resonate as a testament to her expertise and thought leadership. Dr. Poornima Sharma stands as a beacon of inspiration within VGI, driving innovation and excellence to shape the future of education.

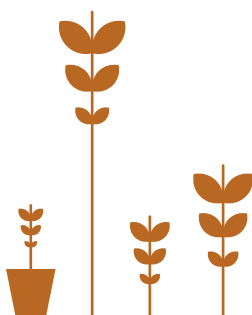

**Dr. S.P. Pandey**  
Advisor

## ADVISOR DESK

---

VGI has set up a number of institutions providing quality education right from school level to post-graduate level. The institutions, wherever required, have affiliations from various universities and approval of respective regulatory bodies. In this era of globalisation, quality is the only mantra for survival of any organisation, All the institutions of the Group have the state-of-the-art facilities, highly competent and dedicated manpower and visionary management to provide quality and value based education.

Research and Development is an integral part of all the institutions of the Group that exposes the faculty and the students to the latest developments in their respective fields and also provides them the opportunity to interact with the experts across the country. The institutions of the Group have the distinction of implementing various schemes.

**Dr. Amit Kr. Agarwal**  
Additional Director  
(Technology)

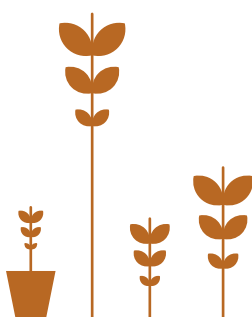

## DEAN DESK

---

The word Education and Knowledge are the two different branches cropped up from one root of academics, yet ironically one is attainable and the other isn't. The exact metaphor is applicable for Employment and Employability, though both of them begins from social need but in the present context of time they have their own conceptual differences. Employment gives the essence of getting what the industry is providing us while employability is what we can provide the industry. On one hand where the idea of employment makes the youth dependent there on the other hand the quality of employability makes the youth confident enough to choose and bargain for the job he is looking forth. This is that exact trumpet which VGI has started to blow in the cloak of 'Pied Piper. There's definitely going to be major tum-around but at the same time the fact is every significant tum-around has its own repercussions and criticism. The cogitation of various certification courses along with regular university curriculum, churning of holistic trait, balancing the budding technologies, catering the demand of AI, MI, Business Intelligence, Cloud Computing, IOT, Image Processing may sound metaphysical to those who are ignorant from the reality that Life is to bolster key skills and one must let the budding technologies bloom within himself. The term 'Job Assurance' is simply y to bridge the gap between the incumbents and arbitrariness. I wish the

students to become the Alchemist from the Metaverse of

Knowledge, Wisdom and Execution.

**Prof. Dr. Hina Chadha**  
Principal Pharmacy

## MESSAGE FROM PRINCIPAL DESK

---

It gives me immense pleasure to pen down my words on the launch of a magazine from the Department of pharmacy, Vishveshwarya Group of institutions "PHARMAUDAY".

Today, the department is not only pursuing academic excellence but also moving towards motivating and empowering its students to be lifelong learners, entrepreneurs, critical thinkers, and cognizant members of an ever-changing global society. Vishveshwarya group of institutions is a pioneer in providing technical education and has produced many technocrats with indispensable productive and innovative skills. At the Department of pharmacy, we provide a conducive as well challenging atmosphere to our students to understand the real life provocations so that students excel with pride in their lives. The talents, skills, and abilities of each student are identified, curated and nurtured to make them future ready. Pharmacy department at VGI provides a platform to think, analyse and express their abilities amalgamating with best technical knowledge provided by their researcher cum teachers. The students are taught to be self-reliant by adding value added certifications, which offers them a plethora of employability opportunities and cutting edge competition. The holistic development is also the need of hour, so it is inculcated at each and every step by designing the industry specific curriculum.

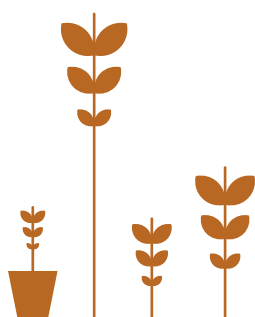

With positive affirmations, I feel that each student will make himself/ herself stronger day by day, adding a new leaf to the grandeur of the college.

I wish you all Happy reading !!!

"PHARMAUDAY".

The gift of **knowledge** is a far higher gift than that of food and clothes it is even **higher** than giving life to a man, because the **real life** of man **consists** of knowledge

---

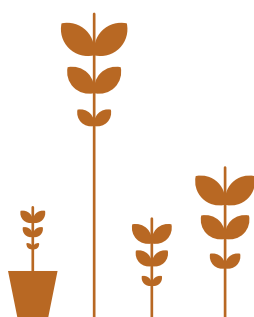

**Prof. Seema Jain**  
Vice Principal, Pharmacy

## MESSAGE FROM EDITOR DESK

---

I am happy to know about the release of an e-magazine from the Department of Pharmacy VGI. I would like to express my deep gratitude to the editorial board and support staff for their constant support and concern towards the making of VGI, Pharma e-magazine which enables and encourages us to strive hard to carry forward the mission of spreading value-based knowledge to one and all in the society.

In my opinion education is the vehicle of knowledge, self-preservation and success. Education not only gives us a platform to succeed, but also the knowledge of social conduct, strength, character and self-respect. The greatest gift education gives us is the knowledge of unconditional love and a set of values. We are incomplete without a good education because education makes us the right thinker and correct decision maker. In such a competitive world, education has become a necessity for human beings after food, cloth and shelter. With this in mind, we work hard to enhance every student here, at VGI, the transformational impact on the quality of education, introducing value-based education in order to develop personality and earn recognition and respect in the family and society.

## PHARMACEUTICS-I

**Mr. Jailani.S**  
**Ms. Anjali Shudha**  
**Ms. Priyanka Bhati**  
**Ms. Yachika Goyal**

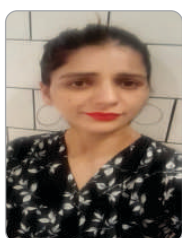

## About the Authors

**Mr. Jailani.S** is an industrial pharmacist with R&D Formulation development background, has been associated with different pharmaceutical companies, Zydus Cadila, Saimirra Innopharm, FDC Ltd, Pfizer Ltd, Rubicon Research, Medical & Cosmetics Products Company, Alpha Pharma Industries, Julphar SA (GPI). He has completed M.Pharm (Pharmaceutics) and MBA (Pharmaceutical management) from Anna University, Tamilnadu. He has carried out his doctoral research in pharmacy Annamalai University, Tamilnadu. He has presented different research posters, oral paper presentations at various conferences and workshops, published research and review papers in different international journals and delivered invited lectures. His research area includes reverse engineering, Generic Formulation development, drug delivery systems, Novel Dosage form design, Biopharmaceutics and Pharmacokinetics, etc.

**Ms. Anjali Sudha** pursuing PhD in pharmaceutical sciences from Starex University Gurugram. She has completed M.Pharm AKTU U.P. She has presented numerous papers at various national and international conferences. Also she has presented research paper, patents, review articles and book chapters in prestigious journals indexed in Scopus, Web sciences and Pub med.

**Ms. Priyanka Bhati** is a Assistant professor in the department of Pharmacy, Vishveshwarya Group of Institutions, Greater Noida Uttar Pradesh -203207. She have 5 years of experience in academics. She is pursuing Ph.D. from Mangalayatan University Mathura, Highway, Beswan, Uttar Pradesh - 202145. She has completed her graduation and Post Graduation from Dr. A.P.J Abdul Kalam Technical University, Lucknow and She got awarded many more times for achieving ranks during her study She has interesting in Therapeutic bioengineering field. She has many publications and patents and She has presented papers in national & International conferences and She is presently workings on many more papers. Her other areas of specialization include B.Sc in Biology.

**Ms. Yachika Goyal** holds a Master's degree in Pharmacy Quality Assurance from Delhi Institute of Pharmaceutical Sciences and Research University in New Delhi. She is currently an Assistant Professor in the Department of Pharmacy at Vishveshwarya College of Pharmacy in Greater Noida, Uttar Pradesh. Her research interests include novel drug delivery system challenges and their evaluation.
